INSTALLATION:

1. Uninstall (2) screws, remove left housing and set aside (Fig 1).

- 3. Follow Steps 4-6 of the INSTALLATION section.

CLEANING & MAINTENANCE:

After repeated fire, the lens may become clouded with gunpowder residue. For best results, it is recommended that this area be cleaned, along with the firearm, after each use. To clean the lens, follow these steps:

- 1. Keep firearm pointed in a safe direction
- 2. Ensure firearm is unloaded
- 3. Confirm light is off
- 4. Dampen the end of a cotton swab with isopropyl alcohol
- 5. Apply dampened swab to lens and polish in a small circular pattern. Be sure to clean around lens edge

Firearm should be cleaned and lubricated exactly as directed in your SIG SAUER P365® owner’s manual. Excess lubrication can interfere with the proper function of both firearm and FOXTROT365™ Pistol Weapon Light. The FOXTROT365™ Pistol Weapon Light should never be submerged or flushed with cleaning solvents.
