

## ZULU™ BINOCULAR ADAPTER

### QUICK REFERENCE GUIDE

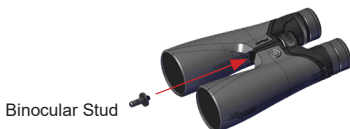

#### INSTRUCTIONS:

1. Unscrew and remove tripod adapter cover from binocular.

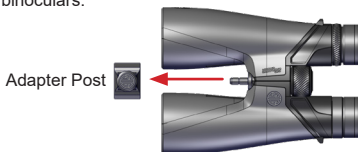

Tripod Adapter Cover

2. Thread binocular stud into the binocular and tighten using a 2.0mm Allen wrench. Hand tighten, do not over tighten.

3. Using the included 1.3mm Allen wrench, tighten the set screw in the binocular stud. Hand tighten, do not over tighten.
4. Attach your Zulu Binocular Adapter to any ARCA-Swiss compatible tripod head. If your tripod head is not ARCA-Swiss compatible, attach the tripod plate using 1/4"-20 socket on the bottom of the Zulu Binocular Adapter.
5. Mount your binoculars to the tripod by inserting the binocular stud into the adapter post. Use the threaded lock down feature to secure your binoculars.
