**DESIGNED, ENGINEERED AND  
MANUFACTURED IN AMERICA.**

THE U.S. MILITARY'S SELECTION OF  
THE M17 AND M18 HAS EARNED THE  
SIG SAUER P320 A PLACE IN HISTORY.  
IT TRULY IS THE CULMINATION OF SIG  
SAUER'S STEADFAST COMMITMENT  
TO PROVIDING THE MILITARY WITH  
THE VERY BEST. (SHOWN WITH  
ROMEO-M17 OPTIC.)

UNCOMPROMISING RELIABILITY. UNPRECEDENTED ACCURACY. UNMATCHED MODULARITY.

The P320 platform is unmatched in reliability and accuracy because it is unequalled in terms of engineering, manufacturing and testing. Every P320-based M17 and M18 must live up to the extremely high standards that the U.S. military demands. The P320 M17 and M18 have been put through the most punishing and rigorous testing — hundreds of thousands of test rounds ensure parts interchangeability, material performance and unshakable accuracy. The P320 has truly proven itself to be a tough and trustworthy sidearm.

▲ TESTED LIKE NO OTHER. PERFORMS LIKE NO OTHER.

“THIS HANDGUN – THE SIG SAUER P320 – CAN DO EVERYTHING WE’VE ASKED A HANDGUN TO DO.”

BRIGADIER GENERAL ANTHONY POTTS,  
U.S. ARMY PEO

To date, SIG SAUER has delivered nearly 500,000 pistols to the U.S. military and performed over 100 different acceptance tests. The SIG SAUER P320-based M17 and M18 have stood up to hundreds of thousands of rounds of testing.

P320

SIGSAUER.COM

**THE OFFICIAL SIDEARM OF  
THE U.S. MILITARY.**

In 2017, after one of the most rigorous and highly competitive military reviews in history, the SIG SAUER P320-based M17 and M18 pistols were awarded the U.S. Army's Modular Handgun System (MHS) contract, making them the U.S. Army's first replacement sidearms in over 30 years. The P320 was selected because of its unmatched modularity, uncompromising

accuracy, performance and reliability. The rest of the U.S. military would soon follow the Army, and today, the SIG SAUER P320-based M17 and M18 pistols are now used by every branch of the U.S. military.

**EVERYDAY RELIABLE.  
EVERYDAY CAPABLE.**

No one integrates optics into firearms the way SIG SAUER can. Working together, our firearms experts and optical engineers have designed the P320 to maximize the capability of pistol-mounted optics. Perfectly balanced, the red dot optic-enabled P320 allows for faster target acquisition and unmatched accuracy.

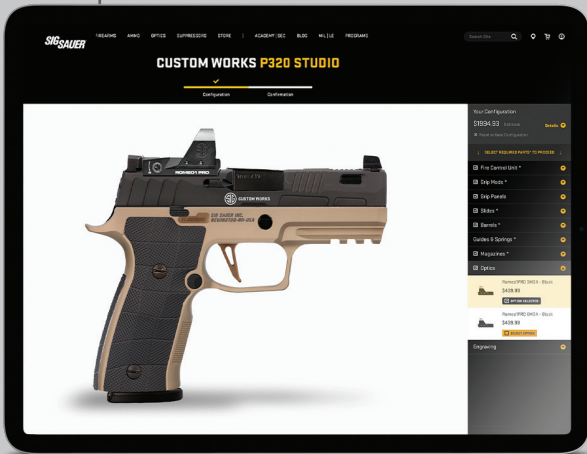

**BEST IN CLASS:** THE SIG SAUER ROMEO-X WAS DESIGNED FOR THE U.S. MILITARY – AND THEN OPTIMIZED FOR EVERYDAY CARRY.

▶ THE LEADER IN RED DOT OPTICS.

**SAFETY FIRST:** WITH AN UNPRECEDENTED FIVE SEPARATE SAFETY MECHANISMS, THE P320 HAS ONE OF THE MOST ADVANCED SAFETY SYSTEMS EVER DEVELOPED.

## P320 CUSTOM WORKS STUDIO.

SIG's heritage of precision engineering meets the craftsmanship and creativity of bespoke firearms. Let your creativity come alive as you build a completely customized pistol.

### GRIP MODULES

Select from a variety of grip modules available for virtually any need, built using the most advanced materials, including tungsten-infused polymers and rigid metal alloys.

### RED DOT OPTICS

Join the Red Dot Revolution and choose between the ROMEO-X, ROMEO1PRO or ROMEO2 red dot optics.

### GRIP PANELS

Grip panels for AXG alloy grip modules make customization easy.

P320

### SLIDES

Custom slides help you add a new level of personalization and performance to your P320.

### BARRELS

Add individual flair with a gold barrel or make your P320 suppressor capable when you choose your barrel.

## MODULARITY BEYOND IMAGINATION.

Starting with one of our innovative P320 Fire Control Units, you can easily create a custom P320 and choose from an ever-expanding selection of precision-engineered performance parts and accessories designed and built to perform at the highest level.

▶ UNMATCHED MODULARITY.

### MAGAZINES

Depending on state compliance, magazines are available from 10 to 21 rounds.

### FIRE CONTROL UNITS

The core of the P320 is the Fire Control Unit. Choose from either Gold or Black to start your build.

## PRECISION MEETS PERSONALIZATION.

The P320 has unlocked a level of personalization and creativity that's never been seen before. Every element of the P320 is open to modernization and customization. From slides and grip mods to barrels and fire control units, third-party manufacturers — working hand in hand with SIG SAUER — allow creators to expand the P320 beyond anyone's imagination.

▶ THE NEXT LEVEL OF CUSTOMIZATION.

INNOVATION AND UNEQUALED PERFORMANCE, PAIRED WITH NEW TECHNOLOGIES AND DESIGN AESTHETICS, ARE THE DRIVING FORCES BEHIND THE P320 TODAY.
